Introduction

In the following document we will proceed to detail the work of each member of team 6 in a schedule breakdown. This decomposition has been provided by the Toggle application. Once the total number of working hours of each member is obtained, each of them is counted. Today a software engineer whose experience based on D&T1 has been outstanding, as in the case of this team, would receive around € 15-16 per hour. It will be established that each member of the team receives € 8 per hour, excluding taxes and other expenses. Next, there will be a report of the team, whose names are: Ángel Delgado Luna, Belén Garrido López, María de Gracia Piñero Pastor, Ezequiel Portillo Jurado and Alejandro Rodríguez Díaz.

Schedule breakdown

The members have been working a sum of 200 hours 19 minutes, which is equivalent to a payment for his part of € 3004,75.
